

SKIP THE RICE

WHAT TO DO IF YOU DROP YOUR PHONE OR DEVICE IN WATER

If you drop your phone in water, drop it in the toilet, spill a drink all over it, run it through the washing machine, or get it wet in anyway, do NOT use rice! Rice drying out a phone is just a myth! It takes days to dry, and that causes corrosion.

DEVICE IN A BOWL OF RICE

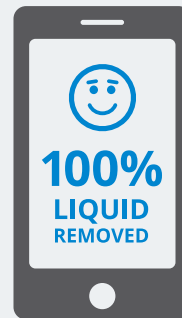

After 48 Hours
Only 13% of liquid removed

DEVICE DRIED OUT IN AIR

After 48 Hours
Only 15% of liquid removed

DEVICE DRIED OUT WITH TEKDRY MACHINE

In just 30 Minutes
100% of liquid removed

REMEMBER:

⊗ DON'T PLUG IT IN

One of the most important keys to success is to resist the urge to plug your phone in. Water and electricity are not friends!

✓ GET IT TO TEKDRY FAST

DON'T WAIT!
Don't plug your wet phone in and get it to us immediately for best results.
